

PassPhotoPro Design Specification (v1 – Framework Only)

1. Branding & Identity

This section defines the brand identity system for PassPhotoPro, ensuring visual consistency across all digital interfaces.

Logo: Placeholder – to be updated with final mark.

Color Palette:

Primary	#0E2A47 (Deep Navy)
Accent	#00B2A9 (Teal)
Neutral	#F8F9FA (Light Gray)
Text	#1C1C1C (Charcoal)

Typography: Inter Family – Modern, neutral sans-serif font.

2. UI Design System

Defines reusable interface components for a consistent user experience.

- Buttons: Primary (Teal), Secondary (Outlined), Tertiary (Text only)
- Inputs: Rounded edges, soft shadows, clear placeholder text
- Layout Grid: 12-column system, 80px gutters on desktop

3. Page Structure & Layout Placeholders

Below is the proposed layout plan for all screens. Mockups to be added in Stage 2.

Page	Desktop	Tablet	Mobile
Homepage	✓ Placeholder	✓ Placeholder	✓ Placeholder
Upload & Crop	✓ Placeholder	✓ Placeholder	✓ Placeholder
Preview & Adjust	✓ Placeholder	✓ Placeholder	✓ Placeholder
Download & Payment	✓ Placeholder	✓ Placeholder	✓ Placeholder
Dashboard	✓ Placeholder	✓ Placeholder	✓ Placeholder
FAQ / Help	✓ Placeholder	✓ Placeholder	✓ Placeholder
Contact & Feedback	✓ Placeholder	✓ Placeholder	✓ Placeholder

4. Developer Handoff Notes

- Follow spacing system: multiples of 8px.
- Use Inter font at weights 400, 500, 700.
- Color tokens: use CSS variables (e.g., --primary, --accent).
- Maintain responsiveness using media queries for 1440px, 1024px, and 390px breakpoints.

End of Framework Specification – UI Mockups will be appended in v2.
